

How Can We Rebound from Extreme Weather?

Scan the code to take the survey!

Gary is working to better prepare and rebound after climate change and extreme weather impacts like heat waves, poor air quality, flooding and severe storms. In order to understand how to best to prepare the community, **WE NEED YOUR INPUT.**

Please share your experience with extreme weather and climate change through a brief survey. **YOUR RESPONSES WILL INFORM STRATEGIES TO PROTECT GARY RESIDENTS AND BUSINESSES!**
